

Camporee Rules to Live by

- ❑ No open-toed shoes
- ❑ No bare feet, except at the waterfront and showers
- ❑ Scouts should always walk with a buddy and should never be sent to the campsite or any area alone.
- ❑ Campfires should be completely out before leaving the campsite or retiring for the evening.

Camping Personal Check List

The following items will be necessary to insure your child's health and comfort while participating in the activities planned for a this trip. It is also recommended that s/he bring a game, book, or other item to help occupy the time during rest periods.

Please, NO radios or other sound emitting devices that do not have, earphones Aerosol sprays, or anything that has a high monetary or

sentimental value. We have discovered that things have ways of being misplaced or broken on campouts! All food and drink that your camper will need for the event will be provided for a nominal fee decided upon by the pack committee (\$5 per family). However, s/he should consider bringing snacks to replenish his energy between meals. ALL clothing items that your child takes should be permanently marked with their name. We frequently end up with a pile of dirty clothing after the campout with no one willing to claim anything in it.

The following equipment, clothing, and personal items are recommended. However, if your child does not have a specific item, a substitution should be made to provide similar functionality.
